

OCONOMOWOC SPORTS BOOSTER CLUB

~Compiled June 2009~

DONATIONS TO OHS ATHLETICS 2000 THROUGH 2008-2009 SCHOOL YEAR

Just Sew Sports donated the purple and gold flags that fly at the stadium (early 2000's). Interest-free loans (Approximately \$22,500) by OSBC to OHS Athletic Dept. provided for: Weight Room Equipment, Stadium PA System, Football Communication System, Wrestling & Gymnastic Floor Mats, and Bleacher End Caps in the gymnasium.

The largest contribution ever to the Oconomowoc High School Athletic Department/School District by the OSBC has been the 5000+ square foot Roundy's Physical Development Center built at cost by Oliver Construction Company in 2004 on OHS grounds. This effort was spearheaded by Keith Farley and Mike Bickler. They along with many dedicated Boosters and many generous donators made this project a reality. The training center facility cost approximately \$300,000.

The Booster Club is also currently in the process of raising funds for a new spring floor for the OHS Girls Gymnastics Team. According to the Oconomowoc High School gymnastic coaches, spring floors will dramatically reduce the number of shin splints, toe injuries, ankle injuries, and leg injuries for the girl's gymnastics team. At present, Oconomowoc High School is the only school within the conference that does not have a spring floor.

In addition to the above, the OSBC has contributed approximately \$350,000 to the OASD Athletic Department from 2000 through the 2008-2009 school years.

50-Seat Bleachers-Portable	Donation/Ice Time/Hockey	Athletic Trainer/shared expenses
Additional Coaches!	Defibrillator	Swim Fins/Swimming
Volleyball Tapes	Ski Timing System	Basketball Shoot Around Machine
